### 8110 ATTENDANCE AREAS

The Board of Education directs the assignment of pupils to the programs, and classes in a manner that is consistent with the best interests of the pupils and the best uses of the resources of this district.

The Board shall determine the school attendance areas of the district to determine the assignment of pupils to school in accordance with Policy No. 5120.

The Chief School Administrator shall annually review existing attendance areas and recommend to the Board such changes as may be justified by considerations of safe pupil transportation and travel; convenience of access to the school; financial and administrative efficiency, the effectiveness of the instructional program, and a wholesome and educationally sound balance of pupil populations.

Adopted: 24 January 2013

## 8130 SCHOOL ORGANIZATION

The Board of Education directs the organization of the instructional program of this district.

The Chief School Administrator shall continually monitor the effectiveness of the district organizational plan and recommend to the Board such modifications in the plan as may be in the best interest of pupils, make most effective use of district resources, and serve the educational goals of the Board.

Adopted: 24 January 2013

## 8140 PUPIL ENROLLMENTS

The Board of Education recognizes that efficient district operations require an accurate and up to date accounting of the number of pupils resident in this district and enrolled in district classes and programs.

Pupil attendance shall be recorded in the school register during school hours on each day the school is in session. Separate registers shall be kept for pupils attending preschool, Kindergarten, grades one through five, grades six through eight, grades nine through twelve, each preschool class for the disabled, each class for the disabled, shared-time classes for regular pupils, shared-time classes for pupils with disabilities, full-time bilingual education programs and vocational day programs, summer school operated by the district, and any other programs as required by the New Jersey Department of Education and N.J.A.C. 6A:32-8.1(d).

A pupil who has been placed on home instruction shall have his or her attendance status recorded on the regular register attendance pages for the program in which the pupil is enrolled. For the period beginning the first day the pupil is unable to attend school and ending the day before the first instructional day at the pupil's place of confinement, the pupil shall be marked absent. No absences will be recorded for the pupil while on home instruction, providing the hours of instruction are no less than required by N.J.A.C. 6A:14-4.8 and 4.9. The number of possible days of enrollment for a pupil on home instruction shall be the same as for other pupils in the program in which the pupil is enrolled.

Such records shall be made and maintained as will enable the Board to plan program and facilities development, to make appropriate allocation of district resources, and receive the district's maximum amount of State and Federal aid.

The Chief School Administrator or designee shall annually and in accordance with the timelines established by the Commissioner, file a report with the Commissioner stating the school district's enrollment.

## 8210 SCHOOL YEAR

The Board of Education recognizes that the preparation of a school calendar is essential to orderly educational planning and to the efficient operation of the district.

The Board shall determine annually the days when the school will be in session for instructional purposes. The school calendar will provide no fewer than one hundred eighty days of instruction. Days on which school is closed for holidays, teachers' institutes, and inclement weather shall not be considered as days in session.

A school day shall consist of not less than four hours of actual instruction, except that in an approved Kindergarten, one continuous session of two and one half hours may be considered a full day. A half-day class shall be considered the equivalent of a full day's attendance only if the class is in session for four hours or more, exclusive of recess periods or lunch periods.

An approved Kindergarten shall meet the requirements set forth in N.J.A.C. 6A:32-8.3(c).

The Commissioner of Education shall annually prescribe a list of religious holidays on which it shall be mandatory to excuse pupils for religious observance upon the written request signed by the parent or person standing in loco parentis. Staff members shall avoid, whenever possible, scheduling a test on a religious holiday commonly observed by residents of the district.

The Chief School Administrator shall in consultation with Teacher and Administrator Associations, annually prepare and submit to the Board a school calendar no later than May 1. The Board reserves the right to alter the school calendar when such alteration is feasible and serves the best interests of the pupils of this district.

### 8220 SCHOOL DAY

The Board of Education shall determine the times that school will be in session for the purpose of providing adequate time for pupils to profit from the educational program of the district.

The school will be in session for pupils on those days recommended by the Chief School Administrator and approved by the Board.

The Chief School Administrator may close the school, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of pupils and staff members. The Chief School Administrator shall inform the Board President of any such alteration as soon as possible and shall prepare rules for the proper and timely notification of concerned persons in the event of any emergency closing of the school.

## 8310 PUBLIC RECORDS

The Board of Education recognizes its responsibility to maintain the public records of this school and to make such records available to residents of New Jersey for inspection and reproduction. The Board designates the School Business Administrator/Board Secretary as the custodian of government records for the school.

Government Record or Record (N.J.S.A. 47:1A-1.1)

“Government records” or “records” pursuant to N.J.S.A. 47:1A-1.1 include any record that has been required by law to be made, maintained, or kept on file by the Board, its officials, or its employees. Except as such records that may be exempted by law or this policy, a “government record” or “record” means any paper, written or printed book, document, drawing, map, plan, photograph, microfilm, data processed or image processed document, information stored or maintained electronically or by sound-recording or in a similar device, or any copy thereof, that has been made, maintained or kept on file in the course of the official business of the Board of Education or that has been received in the course of the official business of the Board of Education.

Board meeting minutes may be inspected and copied as soon as they are prepared; unapproved minutes will be so labeled. Minutes of executive/closed session Board meetings conducted in accordance with the Open Public Meetings Act will be preserved separately and will not be available for immediate public inspection. These minutes will be integrated with minutes of public meetings only after the matter discussed at the executive/closed session meeting has been made public.

A “government record” or “record” does not include inter-agency or intra-agency advisory, consultative, or deliberative material.

A “government record” or “record” does not include excluded information as outlined in N.J.S.A. 47:1A-1.1. The excluded information includes, but is not limited to, information which is deemed to be confidential as per N.J.S.A. 47:1A-1 et seq. Victims’ records; trade secrets and proprietary commercial or financial information; any record within the attorney-client privilege; administrative or technical information regarding computer hardware, software and networks which, if disclosed, would jeopardize computer security; emergency or security information or procedures for any building or facility which, if disclosed, would jeopardize security; security measures and surveillance techniques and information which, if disclosed, would give an advantage to competitors or bidders are examples of excluded government records.

Information generated by or on behalf of the Board or Board employees in connection with any sexual harassment complaint filed within the Board or with any grievance filed by or against an individual or in connection with collective negotiations, including documents and statements of strategy or negotiating position; information which is a communication between the school and its insurance carrier, administrative service organization or risk management office; information which is to be kept confidential pursuant to court order and that portion of any most documents which discloses the social security number, credit card number, unlisted telephone number or driver license number of any person; and personnel and pension records of an individual, except the individual's name, title of position, salary, payroll record, length of service, date of separation and the reason therefore, the amount and type of pension he/she receives, and data, other than detailed medical or psychological information, that shows conformity with qualifications for employment and pensions are examples of excluded government records.

Test questions, scoring keys, and other examination data pertaining to the administration of an examination for employment or academic examination; information concerning individual pupil records; grievance or disciplinary proceedings against a pupil to the extent disclosure would reveal the identity of the pupil; and all other information defined as not being a government record in N.J.S.A. 47:1A-1 et seq. are not government records.

Records of Investigation In Progress (N.J.S.A. 47:1A-3 et seq.)

Records which are sought to be inspected, copied, or examined pertain to an investigation in progress by the Board and/or administration will be inspected, copied and/or examined pursuant to N.J.S.A. 47:1A-3.

Inspection, Examination and Copying (N.J.S.A. 47:1A-5 et seq.)

The custodian will permit the government record to be inspected, examined, and copied pursuant to N.J.S.A. 47:1A-5 et seq. by any person during regular business hours. In the case of a Board of Education having a total school enrollment of 500 or fewer, the custodian will permit the records to be inspected, examined and copied during not less than six regular business hours over not less than three business days per week or the entity's regularly-scheduled business hours, whichever is less, unless the government record is exempt from public access as per N.J.S.A. 47:1A-1 et seq.

### Copy Purchase (N.J.S.A. 47:1A-5 et seq.)

Except as otherwise provided by law or regulation, the fee assessed for the duplication of a government record embodied in the form of printed matter shall be \$.05 per letter size page or smaller, and \$.07 per legal size page or larger. If the school can demonstrate that its actual costs for duplication of a government record exceed the per page rates, the school shall be permitted to charge the actual cost of duplicating the record. The actual cost of duplicating the record, upon which all copy fees are based, shall be the cost of materials and supplies used to make a copy of the record, but shall not include the cost of labor or overhead expenses associated with making the copy except as provided for in N.J.S.A. 47:1A-5.c.

Actual copy costs for special copies, such as color printing or blueprints copied within the school, shall be calculated separately. Access to electronic records and non-printed materials shall be provided free of charge, but the school may charge for the actual costs of any needed supplies such as computer discs.

If the school's calculated per copy actual cost exceeds the enumerated rates set forth in N.J.S.A. 47:1A-5.b. the school, if challenged, must demonstrate its actual costs are indeed higher than those enumerated rates and are therefore justified.

Whenever the nature, format, manner of collation, or volume of a government record embodied in the form of printed matter to be inspected, examined, or copied pursuant to this policy is such that the record cannot be reproduced by ordinary document copying equipment in ordinary business size or involves an extraordinary expenditure of time and effort to accommodate the request, the school will charge, in addition to the actual cost of duplicating the record, a special service charge that will be reasonable and will be based upon the actual direct cost of providing the copy or copies. The custodian will provide the requestor an opportunity to review and object to the charge prior to it being incurred.

A custodian will permit access to a government record and provide a copy thereof in the medium requested if the school maintains the record in that medium. If the school does not maintain the record in the medium requested, the custodian will either convert the record to the medium requested or provide a copy in some other meaningful medium. If a request is for a record in a medium not routinely used by the school; not routinely developed or maintained by the school or requiring a substantial amount of manipulation or programming of information technology, the school will charge, in addition to the actual cost of duplication, a special charge that will be reasonable and based on the cost for any extensive use of information technology, or for the labor cost of personnel providing the service, that is actually incurred by the school or attributable to the school for the programming, clerical, and supervisory assistance required, or both.

Immediate access ordinarily will be granted to budgets, bills, vouchers, contracts, including collective negotiations agreements and individual employment contracts, and public employee salary and overtime information.

The custodian will adopt a form for the use of any person who requests access to a government record held or controlled by the school. The request form will include information in accordance with the requirements of N.J.S.A. 47:1A-5.f. Requests for access to a government record shall be in writing and hand-delivered or mailed to the custodian. The custodian will also accept a request for access to a government record that is transmitted electronically. The custodian will promptly comply with a request in accordance with N.J.S.A. 47:1A-5.g.

Any officer or employee of the school who receives a request for access to a government record will forward the request to the custodian of the record or direct the requestor to the custodian of the record.

The custodian will grant access to a government record or deny a request for access to a government record in accordance with N.J.S.A. 47:1A-5.i and as soon as possible, but not later than seven business days after receiving the request, provided that the record is currently available and not in storage or archived.

A custodian will post prominently in public view in the part of the office of the custodian that is open to or frequented by the public a statement that sets forth in clear, concise and specific terms the right to appeal a denial of, or failure to provide, access to a government record by any person for inspection, examination, or copying or for purchase of copies thereof and the procedure by which an appeal may be filed.

#### Challenge to Access Upon Denial (N.J.S.A. 47:1A-6)

A person who is denied access to a government record by the custodian, at the option of the requestor, may institute a proceeding to challenge the custodian's decision by filing an action in Superior Court or in lieu of filing an action in Superior Court, file a complaint with the Government Records Council established pursuant to Section 8 of P.L.2001, c. 404 (C.47:1A-7). If it is determined that access was improperly denied, the court or agency head shall order that access be allowed. A requestor who prevails in any proceeding shall be entitled to a reasonable attorney's fee. A public official, officer, employee, or custodian who knowingly and willfully violates N.J.S.A. 47:1A-1 et seq. and is found to have unreasonably denied access under the totality of the circumstances, shall be subject to the penalties and disciplinary proceedings in accordance with N.J.S.A. 47:1A-11.

Government Records Council (N.J.S.A. 47:1A-7 et seq.)

The Board and the custodian of records will comply with the requirements and guidelines from the Government Records Council in accordance with N.J.S.A. 47:1A-7.

Common Right Law Right of Access (N.J.S.A. 47:1A-8)

Nothing contained in N.J.S.A. 47:1A-1 et seq. will be construed as limiting the common law right of access to a government record, including criminal investigative records of a law enforcement agency.

Construction with Other Laws (N.J.S.A. 47-1A-9 et seq.)

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate any exemption of a public or government record from public access heretofore made pursuant to N.J.S.A. 47:1A-1 et seq.; any other statute; resolution of either or both Houses of the Legislature; regulation promulgated under the authority of any statute or Executive Order of the Governor; Executive Order of the Governor; Rules of Court; any Federal law; Federal regulation; or Federal order.

The provisions of this policy and N.J.S.A. 47:1A-1 et seq. shall not abrogate or erode any executive or legislative privilege or grant of confidentiality heretofore established or recognized by the Constitution of this State, statute, court rule or judicial case law, which privilege or grant of confidentiality may duly be claimed to restrict public access to a public or government record.

N.J.S.A. 10:4-14

N.J.S.A. 47:1A-1.1 et seq.

Adopted: 24 January 2013

## 8311 MANAGING ELECTRONIC MAIL

School district e-mail messages, like paper records, must be retained and destroyed according to established records management procedures as required by New Jersey's Division of Archives & Records Management (NJDARM). E-mail messages are electronic documents created and sent or received by a computer system. This definition applies equally to the contents of the communication, the transactional information, and any attachments associated with such communication. Thus, e-mail messages are similar to other forms of communicated messages, such as correspondence and memoranda.

N.J.S.A. 47:3-16, as amended, defines public records as follows:

“Public records” mean any paper, written or printed book, document or drawing, map or plan, photograph, microfilm, data processed or image processed document, sound recording or in a similar device, or any copy thereof, that has been made or required by law to be received for filing, indexing, or reproducing by any officer, commission agency, or authority of the State or any political subdivision thereof, including any subordinate boards thereof, or that has been received in the course of his/her or its official business by such officer, commission, agency, or authority of the State or of any political subdivision thereof, including subordinate boards thereof, in connection with the transaction of public business and has been retained by such recipient or its successor as evidence of its activities or because of the information contained therein.

An e-mail message that meets the criteria of the definition of public records per N.J.S.A. 47:3-16, as amended, whether it is subject to access by the general public or not, must be retained according to records retention and disposition schedules approved by the State Records Committee. No public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

Retention or disposition of e-mail messages must be related to the information they contain or the purpose they serve. The content of e-mail messages may vary considerably and therefore, the content must be evaluated to determine the length of time the message must be retained.

For the purposes of this Policy, there are non-record e-mail messages and public record e-mail messages.

Non-record e-mail messages are personal correspondence that do not meet the criteria of public records as per N.J.S.A. 47:3-16, as amended, and may be deleted at any time unless they become part of some official record as a result of a special circumstance. These types of messages may include personal correspondence not received or created in the course of school district business and may be deleted at any time since it is not an official public record. Non-record e-mail messages are also non-governmental publications that are publications, promotional material from vendors, and similar materials that are publicly available to anyone. These e-mail messages are not public records as defined by N.J.S.A. 47:3-16, as amended, unless specifically incorporated into other official public records, and may also be deleted at any time. However, if an e-mail message is used to justify an expenditure or is included in a proposal, the e-mail message becomes an official public record and must be retained according to records retention and disposition schedules in accordance with the appropriate retention schedules.

All public record e-mail messages shall be maintained by the individual who sends the e-mail message and the primary recipient. The sender and primary recipient are encouraged to print a hard copy of a public record e-mail and file the e-mail in school district files for continued access. The district may establish a district-wide system to facilitate public record e-mail management for continued access and retention. All public record e-mails shall be retained according to records retention and disposition schedules approved by the State Records Committee and no public record e-mail may be destroyed without prior consent of the NJDARM and the State Records Committee, even if the retention period for a record has expired.

An e-mail message that meets the criteria of the definition of a “government record” per N.J.S.A. 47:1A-1.1 must be made available to the public upon request under New Jersey’s Open Public Records Act during the required retention period, unless the content of the message falls under one of the exceptions contained in the Act or any other statute, regulation, Executive Order by the Governor, rule of Court, or Federal law, regulation or order.

Adopted: 24 January 2013

## 8320 PERSONNEL RECORDS

The Board of Education believes that the orderly operation of the school district requires the retention of all records bearing upon an employee's qualifications for employment and employment history.

The Board requires that sufficient records be compiled and maintained to demonstrate an employee's qualifications for the position assigned; compliance with Federal, State, and local benefit programs; conformity to district rules; the proper conduct of evaluations; and the employee's entitlement, as appropriate, to tenure and seniority.

The Chief School Administrator shall be responsible for the custody and maintenance of personnel records. A single, central file of documents shall be maintained; temporary, subsidiary records will be permitted for ease in data gathering only. An employee's personnel file shall be maintained for six years following his/her termination of district service, provided the employment history record card is maintained a minimum of eighty years.

Records maintained in the personnel files of this district are not public records and are not open to inspection except as provided for in this policy. Board minutes and other public records of this district and any computerized files maintained by this district may include only an employee's name, title, position, assignments, salary, payroll record, length of service in the district and in military service, the date and reason for separation from service in this district, and the amount and type of pension a former employee receives.

Personnel records may be inspected by school administrators to the extent that such inspection is required in the performance of the inspector's duties.

Board members may have access to confidential information in the personnel files of only those employees recommended for or subjected to an employment action requiring a vote of the Board or where access to the information is essential for the performance of the Board member's duties. Board member access to personnel files is limited to the relevant portion of the file and is available only through the Chief School Administrator. Board members may freely inspect employment applications filed by candidates for district positions.

An employee may inspect his/her personnel file provided that the employee requests such access in writing, reviews the record in the presence of the administrator designated to maintain the file, makes no alteration or addition to the file nor removes any material from it, and signs a log attached to the file indicating the date on which it was inspected.

An employee may appeal to the Chief School Administrator the inclusion or exclusion of records or for appropriate administrative review of the accuracy of any record in his/her personnel file.

The Chief School Administrator shall prepare rules enumerating the records to be maintained for each employee of this district, including, as a minimum and as appropriate to the position, the completed application form, employment contract(s), a copy of the employee's qualifying certification, transcripts, report of an employment physical examination, oath of allegiance, criminal background check, income tax forms, retirement registration, hospitalization forms, annuity forms, rate of compensation, attendance record, assignments to positions, completed evaluations, reports of disciplinary incidents, records of special awards or distinctions, and reports of annual or special physical and mental examinations.

## 8330 PUPIL RECORDS

The Board of Education believes that information about individual pupils must be compiled and maintained in the interest of the pupil's educational welfare and advancement. The Board will strive to balance the pupil's right to privacy against the district's need to collect, retain, and use information about individual pupils and groups of pupils. The Board authorizes the establishment and maintenance of pupil files that include only those records mandated by law, rules of the State Board of Education, authorized administrative directive, and those records permitted by this Board.

The Chief School Administrator shall prepare, present to the Board for approval, and distribute regulations that implement this Policy and conform to applicable State and Federal law and rules of the State Board of Education.

For purposes of this Policy:

1. "Adult pupil" means a pupil who is at least eighteen years of age, or is attending an institution of postsecondary education, or is an emancipated minor.
2. "Parent" means the natural or adoptive parent, the legal guardian, surrogate parent, or a person acting in place of a parent in accordance with N.J.A.C. 6A:32-2.1. Unless parental rights have been terminated by a court of appropriate jurisdiction, the parent retains all rights under N.J.A.C. 6A:32. "Parent" shall also include, for the purposes of N.J.A.C. 6A:32, the adult pupil. A foster parent may act as a parent under the provisions of N.J.A.C. 6A:32 if the parent's authority to make educational decisions on the pupil's behalf has been terminated by a court of appropriate jurisdiction.

### General Considerations

Pupil records shall contain only such information as is relevant to the education of the pupil and is objectively based on the personal observations or knowledge of certified school personnel who originate the record. The district shall notify parents and adult pupils annually in writing of their rights in regard to pupil records and pupil participation in educational, occupational, and military recruitment programs. Copies of the applicable State and Federal laws and local policies shall be made available upon request. The district shall make every effort to notify parents and adult pupils in their dominant language.

Nothing in this Policy shall be construed to prohibit certified school personnel, at their discretion, from disclosing pupil records to non-adult pupils or to appropriate persons in connection with an emergency, if such knowledge is necessary to protect the health or safety of the pupil or other persons.

No liability shall be attached to any member, officer, or employee of the Board of Education permitting access or furnishing pupil records in accordance with Department of Education rules.

### Pupil Information Directory

A pupil information directory is a publication of a school district that includes pupil information as defined in N.J.A.C. 6A:32-2.1. In the event the district publishes information included in the pupil information directory, the Chief School Administrator or designee will inform parents or adult pupils of such publication, and parents or adult pupils will be afforded a ten-day period to submit a written statement to the Chief School Administrator prohibiting the school district from including any and all types of information about the pupil in any pupil information directory before allowing access to such directory to educational, occupational, and military recruiters pursuant to N.J.S.A. 18A:36-19.1 and P.L. 107-110 sec. 9528, Armed Forces Recruiter Access to Students and Student Recruiting Information of the No Child Left Behind Act of 2001.

### School Contact Directory

The district shall compile and maintain, but need not publish, a school contact directory for official use, which is separate and distinct from the pupil information directory. School personnel shall provide information from the school contact directory for official use only to judicial, law enforcement, and medical personnel who are currently providing services to the pupil in question. In order for a parent or adult pupil to exclude any information from the school contact directory for official use, the parent or adult pupil shall notify the Chief School Administrator or designee in writing on a form prescribed by the Commissioner of Education.

### Mandated and Permitted Pupil Records

Mandated pupil records are those records school districts have been directed to compile by State statute, regulations, or authorized administrative directive in accordance with N.J.A.C. 6A:32-7.3.

Permitted pupil records are records authorized by the Board to be collected in order to promote the educational welfare of the pupil. The Board shall authorize the permitted records to be collected by adopting at a regular public Board meeting a resolution listing such permitted records or Regulation 8330, which will list such permitted records.

## Maintenance and Security of Pupil Records

The Chief School Administrator or designee shall be responsible for the security of pupil records maintained in the school district. Policy and Regulation 8330 assure that access to such records is limited to authorized persons.

Records for each individual pupil shall be maintained in a central file at the school attended by the pupil. When records are maintained in different locations, a notation in the central file as to where such other records may be found is required.

Pupil health records shall be maintained and located in a locked cabinet or room in the school building or complex where the pupil is assigned. Records kept in electronic form shall be both accessible and secure. Pupil health records shall be maintained separately from other pupil records, until such time as graduation or termination, whereupon the health history and immunization record shall be removed from the pupil's health record and placed in the pupil's mandated record. Records shall be accessible during the hours in which the school program is in operation.

Security blocks will be installed for records stored in any computer system to protect against any security violations of the records stored therein. To guard against the loss of pupil records, the district shall maintain an updated hard copy and backup versions of pupil records.

Any district internet website shall not disclose any personally identifiable information about a pupil, in accordance with N.J.S.A. 18A:36-35.

## Access to Pupil Records

The district shall control access to, disclosure of, and communication regarding information contained in pupil health records to assure access only to those authorized organizations, agencies, and persons under the conditions permitted by Federal and State statute and regulations in accordance with N.J.A.C. 6A:32-7.5.

The district will charge a reasonable fee for reproduction, not to exceed the schedule of costs set forth in N.J.S.A. 47:1A-2, provided that the cost does not effectively prevent the parents or adult pupils from exercising their rights under N.J.A.C. 6A:32-7 or under rules and regulations regarding pupils with disabilities.

Access to and disclosure of a pupil's health record shall meet the requirements of the Family Education Rights and Privacy Act, 34 C.F.R. Part 99 (FERPA).

The following authorized organizations, agencies, and persons shall have access to pupil records:

1. The pupil who has the written permission of a parent and the parent of a pupil under the age of eighteen whether or not the child resides with that parent except per N.J.S.A. 9:2-4; the place of residence shall not be disclosed and access shall not be provided if denied by a court.
2. Pupils at least sixteen years of age who are terminating their education in the district because they will graduate secondary school at the end of the term or no longer plan to continue their education.
3. The adult pupil and the pupil's parent who has the written permission of such pupil, except that the parent shall have access without consent of the pupil as long as the pupil is financially dependent on the parent and enrolled in the public school system or if the pupil has been declared legally incompetent by a court of appropriate jurisdiction. Nothing shall be construed to prohibit school personnel from disclosing information contained in the pupil health record to pupils or adults in connection with an emergency, if such knowledge is necessary to protect the immediate health or safety of the pupil or other persons.

In providing access to pupil records in accordance with N.J.A.C. 6A:32-7.5, individuals shall adhere to requirements pursuant to N.J.S.A. 47:1A-10, the Open Public Records Act (OPRA) and 34 CFR Part 99, the Family Educational Rights and Privacy Act (FERPA).

#### Conditions for Access to Pupil Records

All authorized organizations, agencies, and persons with access to pupil records shall have access to the records of a pupil subject to the following conditions:

1. No pupil record shall be altered or disposed of during the time period between a request to review the record and the actual review of the record.
2. Authorized organizations, agencies, and persons from outside the school whose access requires the consent of parents or adult pupils shall submit their request in writing together with any required authorization to the Chief School Administrator or designee.

3. The Chief School Administrator or designee shall be present during the period of inspection to provide interpretation of the records where necessary and to prevent their alteration, damage, or loss. In every instance of inspection of pupil records by persons other than parents, pupil, or individuals who have assigned educational responsibility for the individual pupil, an entry shall be made in the pupil's record of the names of persons granted access, the reason access was granted, the time and circumstances of inspection, the records studied, and the purposes for which the data will be used.
4. Unless otherwise judicially instructed, the district shall, prior to the disclosure of any pupil records to organizations, agencies, or persons outside the school district pursuant to a court order, give the parent or adult pupil at least three days' notice of the name of the requesting agency and the specific records requested. Such notification shall be provided in writing if practicable. Only those records related to the specific purpose of the court order shall be disclosed.
5. A record may be withheld from a parent of a pupil under eighteen or from an adult pupil only when the district obtains a court order or is provided with evidence that there is a court order revoking the right to access. Only that portion of the record designated by the court may be withheld. When the district has or obtains evidence of such court order, the parent or adult pupil shall be notified in writing within five days of his or her request that access to the record has been denied and that the person has the right to appeal this decision to the court issuing the order.

## Rights of Appeal for Parents and Adult Pupils

Pupil records are subject to challenge by parents and adult pupils on the grounds of inaccuracy, irrelevancy, impermissible disclosure, inclusion of improper information or denial of access to organizations, agencies, and persons in accordance with N.J.A.C. 6A:32-7.7(a).

To request a change in the record or to request a stay of disclosure pending final determination of the challenged procedure, the process shall be as follows:

1. A parent or adult pupil shall notify the Chief School Administrator in writing of the specific issues relating to the pupil's record.
2. Within ten days of notification, the Chief School Administrator or designee shall notify the parent or adult pupil of the school district's decision.

3. If the school district disagrees with the request, the Chief School Administrator or designee shall meet with the parent or adult pupil to revise the issues set forth in the appeal.
4. If the matter is not satisfactorily resolved, the parent or adult pupil may appeal this decision either to the Board of Education or the Commissioner of Education within ten days.
5. If appeal is made to the Board of Education, a decision shall be rendered within twenty days. The decision of the Board may be appealed to the Commissioner pursuant to N.J.S.A. 18A:6-9 and N.J.A.C. 6A:4, Appeals.
6. At all stages of the appeal process, the parent or adult pupil shall be afforded a full and fair opportunity to present evidence relevant to the issue. A record of the appeal proceedings and outcome shall be made part of the pupil's record with copies made available to the parent or adult pupil.

Appeals relating to pupil records for pupils with disabilities shall be processed in accordance with the requirements of 1 through 6 above.

Regardless of the outcome of any appeal, a parent or adult pupil shall be permitted to place a statement in the pupil's record commenting upon the information in the pupil's record or setting forth any reasons for disagreement with the decision of the agency. Such statements shall be maintained as part of the pupil's record as long as the contested portion of the record is maintained. If the contested portion of the record is disclosed to any party, the statement commenting upon the information shall also be disclosed to that party.

#### Retention and Disposal of Pupil Records

A pupil's record is considered to be incomplete and not subject to the provisions of the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq., while the pupil is enrolled in the school district.

The school district shall retain the pupil health record and the health history and immunization record according to the School District Records Retention Schedule, as determined by the New Jersey State Records Committee.

Pupil records of currently enrolled pupils, other than that described in 1. below, may be disposed of after the information is no longer necessary to provide educational services to a pupil. Such disposition shall be accomplished only after written parental or adult pupil notification and written parental or adult pupil permission has been granted or after reasonable attempts of such notification and reasonable attempts to secure parental or adult pupil permission have been unsuccessful.

Upon graduation or permanent departure of a pupil from the school district, the parent or adult pupil shall be notified in writing that a copy of the entire pupil's record will be provided to them upon request. Information in pupil records, other than that described in 1. below, may be disposed of, but only in accordance with the Destruction of Public Records Law, N.J.S.A. 47:3-15 et seq. Such disposition shall be accomplished only after written parental or adult pupil notification and written parental or pupil permission has been granted, or after reasonable attempts at such notification and reasonable attempts to secure parental or adult pupil permission have been unsuccessful and prior written authorization has been obtained from the New Jersey Department of State, Records Committee.

1. In accordance with N.J.A.C. 6A:32-7.8(e), the New Jersey public school district of last enrollment, graduation, or permanent departure of the pupil from the school district shall keep for 100 years a mandated record of a pupil's name, date of birth, name of parents, gender, citizenship, address, telephone number, health history and immunization, standardized assessment and test answer sheet (protocol), grades, attendance, classes attended, grade level completed, year completed, and years of attendance.

## 8335 FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Board of Education policies and regulations will be in compliance with the requirements of the Family Educational Rights and Privacy Act (FERPA). FERPA affords parents and adult pupils certain rights with respect to the pupil's education records. FERPA requires the district to provide parents and adult pupils the right to inspect and review the pupil's education records within forty-five days of the day the school district receives a request for access, to request an amendment(s) of the pupil's education records the parent or adult pupil believes are inaccurate, and to consent to disclosures of personally identifiable information contained in the pupil's education records, except to the extent that FERPA authorizes disclosure without consent.

FERPA permits disclosure of pupil records without consent if the disclosure is to school officials with legitimate educational interests. FERPA permits the school district to disclose education records without a parent's or adult pupil's consent to officials of another school district in which a pupil seeks or intends to enroll. FERPA requires a school district to make a reasonable attempt to notify the parent or adult pupil of the records request unless it states in its annual notification that it intends to forward records on request.

The parent or adult pupil has the right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

400 Maryland Avenue, SW  
Washington, DC 20202-5901

The New Jersey Administrative Code 6A:32-7 – Pupil Records adopted by the New Jersey Department of Education incorporates the requirements of FERPA and Board of Education Policy 8330 ensures parents and adult pupils are afforded certain rights with respect to the pupil's education records as required by FERPA.

## 8420 EMERGENCY AND CRISIS SITUATIONS

The Board of Education recognizes its responsibility to provide for the safety and security in each school building in the district. The district will develop and implement written plans and procedures to provide for the protection of health, safety, security, and welfare of the school population; the prevention of, intervention in, response to and recovery from emergency and crisis situations; the establishment and maintenance of a climate of civility; and supportive services for staff, pupils, and their families.

The Chief School Administrator or designee shall consult with law enforcement agencies, health and social services provider agencies, emergency management planners, and school and community resources, as appropriate, in the development of the school district's plans, procedures, and mechanisms for school safety and security. The plans, procedures, and mechanisms shall be consistent with the provisions of N.J.A.C. 6A:16-5.1 and the format and content established by the Domestic Security Preparedness Task Force, pursuant to N.J.S.A. App. A:9-64 et seq., and the Commissioner of Education and shall be reviewed annually, and updated as appropriate.

A copy of the school district's school safety and security plan shall be disseminated to all school district employees. New employees shall receive a copy of the school district's safety and security plan, as appropriate, within sixty days of the effective date of their employment. All employees shall be briefed in writing, as appropriate, regarding updates and changes to the school safety and security plan.

The school district shall develop and provide an in-service training program for all school district employees to enable them to recognize and appropriately respond to safety and security concerns, including emergencies and crisis, consistent with the school district's plans, procedures, and mechanisms for school safety and security and the provisions of N.J.A.C. 6A:16-5.1. New employees shall receive this in-service training, as appropriate, within sixty days of the effective date of their employment. This in-service training program shall be reviewed annually and updated, as appropriate.

In accordance with N.J.S.A. 18A:41-1, at least one fire drill and one school security drill will be conducted each month within school hours, including any summer months, which the school is open for instructional programs. A school security drill means an exercise, other than a fire drill, to practice procedures that respond to an emergency situation including, but not limited to, a non-fire evacuation, lockdown, bomb threat, or active shooter situation that is similar in duration

to a fire drill. The school is required to hold a minimum of two active shooter, non-fire evacuation, bomb threat, and lockdown security drills annually. Fire alarm systems shall be initiated only during a fire drill evacuation. Responses made necessary by the unplanned activation of emergency procedures or by any other emergency shall not be substituted for a required school security drill.

The Principal or designee will provide local law enforcement or other emergency responders, as appropriate, with a friendly notification at least forty-eight hours prior to holding a school security drill. Although these outside agencies are not required to observe school security drills, the Principal is encouraged to invite representatives from local law enforcement and emergency responder agencies to attend and observe at least four different security drills annually.

Such drills and in-service training programs shall be conducted in accordance with a building security drill guide and training materials that educate school employees on proper evacuation and lockdown procedures in a variety of emergency situations on school grounds as provided by the New Jersey Office of Homeland Security and Preparedness.

The school district will be required to annually submit a security drill statement of assurance to the New Jersey Department of Education by June 30 of each school year. ## 8431 PREPAREDNESS FOR TOXIC HAZARD

The Board of Education is concerned for the safety of the pupils and staff members assigned to the district school and will take reasonable steps to protect pupils and staff members from hazards that may result from industrial accidents beyond the control of school officials.

The Board will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will, in accordance with procedures prepared by the Chief School Administrator, identify potential sources of toxic hazard and develop a plan that includes preventive and remedial measures to be followed in the event pupils and staff members are exposed to a toxic hazard. The plan will also include a system for the periodic evaluation of school environments.

The THP Officer will enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard. The Board may, in its discretion, appoint and charge an ad hoc committee of community representatives to assist the THP Officer.

The plan for toxic hazard preparedness developed by the THP Officer and approved by this Board will be disseminated to the public. Teaching staff members will be instructed in the specific measures to be taken when toxic hazard is present and in the recognition of toxic hazards in the environment. A teaching staff member who detects a toxic hazard in school shall immediately notify the school Principal and the school nurse or, in the absence of either, the person authorized to perform that office.

Nothing in this policy should be construed in any way as an assumption of liability by the Board of Education for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

## 8441 CARE OF INJURED AND ILL PERSONS

The Board of Education directs the Chief School Administrator to provide for prompt and appropriate medical attention for pupils, staff members, or visitors who are injured or become ill on school premises or at school sponsored events.

Any injury or illness shall be reported immediately to the school nurse or, in the absence of the school nurse, the Building Principal, who will determine whether an emergency exists. Immediate steps may be taken as necessary to remove the injured or ill person from imminent danger and/or prevent exacerbation of the disability. Routine first aid will be administered by district personnel as necessary to ensure the safety and comfort of the injured or ill person.

The parent(s) or legal guardian(s) of an injured or ill pupil and, if necessary, the family of an injured or ill staff member or adult visitor will be notified promptly and tactfully of the injury or illness. If the school nurse or school medical inspector or, in the absence of both, the Principal, determines that the injured or ill person should be removed from school for rest and/or treatment at home or for consultation with a private physician, the parent(s) or legal guardian(s), or family member shall be requested to provide transportation.

In a serious emergency requiring immediate medical attention, an ambulance may be summoned for transportation to a hospital or the school nurse may drive the injured or ill person to the hospital.

The Chief School Administrator shall, in consultation with the school medical inspector and school nurse, prepare standing orders for the emergency treatment of injuries and disabilities by the school nurse and regulations for the handling of injured and ill persons by all other school employees. All district personnel will be briefed annually on the regulations governing the handling of injured and ill persons.

Injuries and disabilities that occur in the course of the athletic program are subject to the provisions of Policy No. 2431 and implementing regulations. Pupil disabilities attributable to substance abuse will be handled in accordance with Policy No. 5530. Injuries that occur in the course of school bus transportation will be handled in accordance with regulations implementing Policy No. 8630.

## 8442 REPORTING ACCIDENTS

The Board of Education directs that all reasonable efforts be made to ensure a safe learning and working environment for the pupils and employees of this district. To that end and to the end that legitimate employee claims for worker's compensation be expedited, the Board requires that accidents be reported and evaluated. Any accident that results in an injury, however slight, to a pupil, an employee of the Board, or a visitor to the school must be reported promptly and in writing to the district business office. Injured persons shall be referred immediately to the school nurse for such medical attention as may be appropriate.

The injured employee or visitor or the staff member responsible for an injured pupil shall complete a form, available in the office of the Building Principal, that includes the date, time and place of the incident; the names of persons involved; the nature of the injury, to the extent that it is known; and a description of all relevant circumstances.

## 8451 CONTROL OF COMMUNICABLE DISEASE

The Board of Education recognizes that control of the spread of communicable disease is essential to the well-being of the school community and to the efficient operation of the school.

The Board shall be bound by the statutes and by rules of the State Board of Education for the exclusion and readmission of pupils who have contracted a communicable disease and of teachers and pupils who have been exposed to a communicable disease and for the instruction of teachers in health and the prevention of disease. The Board shall comply with regulations of the New Jersey Department of Health and the county and local Board of Health governing the prevention, control, and reporting of communicable disease.

The teacher may exclude from the classroom and the Principal may exclude from the school building any pupil who appears to be ill or has been exposed to a communicable disease. A pupil may be isolated in school to await the arrival of or instructions from an adult member of his/her family. If the school medical inspector or the school nurse is present in the building, his/her recommendation shall be sought before any such exclusion or isolation is ordered.

Any pupil retained at home or excluded from school by reason of having or being suspected of having a communicable disease shall not be readmitted to his/her classroom until he/she presents written evidence of being free of communicable disease. That evidence may be supplied by the school medical inspector or another qualified physician who has examined the pupil.

Any pupil or adult who has weeping skin lesions that cannot be covered shall be excluded from school.

The Chief School Administrator shall develop procedures for the control of communicable disease that include the instruction of teaching staff members in the detection of disease and measures for its prevention and control; the removal from school premises to the care of a responsible adult for pupils identified and excluded in accordance with this policy; the preparation of standards for the readmission of pupils who have recovered from communicable disease; the provision of appropriate home instruction to excluded pupils in accordance with law; and the filing of reports as required by law.

## 8453 HIV/AIDS

The Board of Education will comply with rules of the State Board of Education and the State Department of Health and Senior Services with regard to the admission and employment of persons who may be diagnosed with Acquired Immune Deficiency Syndrome (AIDS) or infected with Human Immunodeficiency Virus (HIV). "AIDS" means a condition affecting a person who has a reliably diagnosed disease that meets the criteria for AIDS specified by the Center for Disease Control of the United States Public Health Services. "HIV infection" means infection with the human immunodeficiency virus or any other related virus identified as a probable causative agent of AIDS. Laboratory results indicative of infection with HIV shall mean laboratory results showing the presence of HIV or components of HIV, or laboratory results showing the presence of antibodies to HIV, or results from laboratory tests conducted to measure the presence of HIV RNA (viral load tests), such as quantitative PCR tests.

AIDS or HIV infection shall not be considered a communicable disease for purposes of admission to or attendance in a school or for eligibility for educational transportation.

In accordance with N.J.A.C. 6A:16-1.4(a)8, no person, pupil or employee, will be excluded from school solely because he/she is infected with HIV or lives with or is related to a person infected with HIV. Pupils infected with HIV, including those who may be symptomatic or diagnosed with AIDS, may be excluded from school only as a pupil not infected with HIV or diagnosed with AIDS may be excluded from school. A school employee infected with HIV may be restricted in his/her employment only if the employee has another illness that would affect his/her employment.

Any pupil excluded from the regular school program will be provided with home instruction in accordance with rules of the State Board of Education and Policy No. 2412.

No pupil, staff member, or visitor may attend or visit school if he/she has an uncoverable and/or uncovered weeping skin lesion, whether or not the person has been screened for HIV.

It is not required that anyone in the school be especially notified that an HIV-infected pupil or employee is present. School employee physicals, pupil physicals and athletic physicals do not require disclosure of HIV status. Records of health and medical examinations should not include information about an individual's infection with HIV. Therefore, HIV/AIDS status is an exception to records required pursuant to pupil physical examinations, N.J.A.C. 6A:16-2.2, and school employee physical examinations, N.J.A.C. 6A:32-6.1 et seq. In the event the school nurse or a school official is apprised that a pupil or employee is HIV-infected, the fact of the infection will be held in strict confidence and will not be classified as a communicable disease for admission, local health reporting or educational transportation.

Information that identifies a pupil as having an HIV infection or AIDS shall be shared only with prior written informed consent of the pupil age twelve or greater, or of the pupil's parent(s)/legal guardian(s) as required by N.J.S.A. 26:5C-1 et seq. and only for the purpose of determining an appropriate educational program for the pupil. The person who receives such information shall not reveal it to any other person without the express written consent of the minor pupil's parent(s) or legal guardian(s), or the adult pupil.

The Board shall annually provide pupils, parent(s) or legal guardian(s), staff members, school volunteers, and members of the community with information intended to increase awareness of HIV and AIDS, including information regarding the nature of the disease and its prevention. The Board will cooperate with other agencies to provide HIV/AIDS awareness information to the community.

The Board of Education shall observe “School Violence Awareness Week” during the week beginning with the third Monday in October of each year by organizing activities to prevent school violence. Activities shall include, but are not limited to, age-appropriate opportunities for pupil discussion on conflict resolution, issues of pupil diversity, and tolerance. The Board shall invite law enforcement personnel to join members of the teaching staff in the discussions and provide programs for school employees that are designed to help them recognize warning signs of school violence and to instruct them on recommended conduct during an incident of school violence.

Any school employee who observes or has direct knowledge from a participant or victim of an act of violence or the possession and/or distribution of alcohol or other drugs on school grounds, and any school employee who reports a pupil for being under the influence of alcohol or other drugs, according to the requirements of N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3, shall file a report describing the incident to the school Principal, in accordance with N.J.S.A. 18A:17-46. The report shall be on a form adopted by the Board to include all of the incident detail and offender and victim information that are reported on the Electronic Violence and Vandalism Reporting System (EVVRS).

A report alleging an incident of harassment, intimidation, or bullying shall be made in accordance with the provisions of N.J.S.A. 18A:37-13.1 and Policy 5512.

The Building Principal, for each incident report of violence, vandalism, harassment, intimidation, bullying, alcohol, or other drug abuse, shall review the incident report for accuracy; forward a copy of the incident report to the Chief School Administrator; and notify the Chief School Administrator of the action taken regarding the incident. The Board shall not discharge or subject to any manner of discrimination any school employee who files a report pursuant to N.J.A.C. 6A:16-5.3.

The majority representative of the school employees’ bargaining units shall have access monthly to the number and disposition of all reported acts of school violence, vandalism, harassment, intimidation, or bullying pursuant to N.J.S.A. 18A:17-46. Personally identifying information may be provided to the majority representative of the school employees’ bargaining units only in instances when school administrators have reason to believe that the safety of a school staff member is at risk.

Two times each school year, between September 1 and January 1 and between January 1 and June 30, at a public hearing held pursuant to N.J.S.A. 18A:17-46, the Chief School Administrator shall report to the Board all acts of violence, vandalism, harassment, intimidation, bullying, and incidents of alcohol and other drug abuse that occurred during the previous reporting period in accordance with the provisions of N.J.S.A. 18A:17-46 and N.J.A.C. 6A:16-5.3. The report shall include the number of reports of harassment, intimidation, or bullying, the status of all investigations, the nature of the bullying based on one of the protected categories identified in section 2 of P.L.2002, c.83 (C.18A:37-14), the names of the investigators, the type and nature of any discipline imposed on any pupil engaged in harassment, intimidation, or bullying, and any other measures imposed, training conducted, or programs implemented, to reduce harassment, intimidation, or bullying. The information shall also be reported once during each reporting period to the Department of Education. The report must include data broken down by the enumerated categories as listed in section 2 of P.L.2002, c.83 (C.18A:37-14), and data broken down by the school, in addition to district-wide data. It shall be a violation to improperly release any confidential information not authorized by Federal or State law for public release.

The report shall be used to grade the school for the purpose of assessing its effort to implement policies and programs consistent with the provisions of P.L. 2002, c.83 (C.18A:37-13 et seq.). ## 8462 REPORTING POTENTIALLY MISSING OR ABUSED CHILDREN

The Board of Education recognizes early detection of missing, abused, or neglected children is important in protecting the health, safety, and welfare of all children. In recognition of the importance of early detection of missing, abused, or neglected children, the Board of Education adopts this Policy pursuant to the requirements of N.J.S.A. 18A:36-25. The Board provides this Policy for its employees, volunteers, or interns to provide for the early detection of missing, abused, or neglected children through notification of, reporting to, and cooperation with the appropriate law enforcement and child welfare authorities pursuant to N.J.S.A. 18A:36-25 and N.J.S.A. 9:6-8.10.

Employees, volunteers, or interns working in the school district shall immediately notify designated child welfare authorities of incidents of alleged missing, abused, and/or neglected children. Reports of incidents of alleged missing, abused, or neglected children shall be reported to the New Jersey State Central Registry (SCR) at 1-877 NJ ABUSE. If the child is in immediate danger a call shall be placed to 911 as well as to the SCR.

The person having reason to believe that a child may be missing or may have been abused or neglected may, prior to notifying designated child welfare authorities, inform the Building Principal or designee if the action will not delay immediate notification. The person notifying designated child welfare authorities shall inform the Building Principal or designee of the notification, if such had not occurred prior to the notification. Notice to the Building Principal or designee need not be given when the person believes that such notice would likely endanger the reporter or pupil involved or when the person believes that such disclosure would likely result in retaliation against the pupil or in discrimination against the reporter with respect to his or her employment.

The Building Principal or designee upon being notified by a person having reason to believe that a child may be missing or may have been abused or neglected, must notify appropriate law enforcement authorities of incidents of potentially missing, abused, or neglected child situations. Notification to appropriate law enforcement authorities shall be made for all reports by employees, volunteers, or interns working in the school district. Confirmation by another person is not required for a school district employee, volunteer, or intern to report the suspected missing, abused, or neglected child situation.

School district officials will cooperate with designated child welfare and law enforcement authorities in all investigations of potentially missing, abused, or neglected children in accordance with the provisions of N.J.A.C. 6A:16-11.1(a)5.

The district designates the Chief School Administrator as the school district's liaison to designated child welfare authorities to act as the primary contact person between the school district and child welfare authorities with regard to general information sharing and the development of mutual training and other cooperative efforts. The district designates the Chief School Administrator as the school district's liaison to law enforcement authorities to act as the primary contact person between the school district and law enforcement authorities, pursuant to N.J.A.C. 6A:16-6.2(b)1, consistent with the memorandum of understanding, pursuant to N.J.A.C. 6A:16-6.2(b)13.

An employee, volunteer, or intern working in the school district who has been named as a suspect in a notification to child welfare and law enforcement authorities regarding a missing, abused, or neglected child situation shall be entitled to due process rights, including those rights defined in N.J.A.C. 6A:16-11.1(a)9.

The Chief School Administrator shall provide training to school district employees, volunteers, and/or interns on the district's policy and procedures for reporting allegations of missing, abused, or neglected child situations. All new school district employees, volunteers, and/or interns shall receive the required information and training as part of their orientation.

There shall be no reprisal or retaliation against any person who, in good faith, reports or causes a report to be made of a potentially missing, abused, or neglected child situation pursuant to N.J.S.A. 9:6-8.13.

## 8465 HATE CRIMES AND BIAS-RELATED ACTS

The Board of Education is committed to providing a safe and healthy environment for all children in the school district. Hate crimes and bias-related acts involving pupils can lead to further violence and retaliation. Hate crimes and bias-related acts, by their nature are confrontational, inflame tensions, and promote social hostility and will not be tolerated by the school district. The school district employees will work closely with local law enforcement and the county prosecutor's office to report or eliminate the commission of hate crimes and bias-related acts.

### Definitions

A "hate crime" is any criminal offense where the person or persons committing the offense acted with a purpose to intimidate an individual or group of individuals because of race, color, disability, religion, sexual orientation, or ethnicity.

A "bias-related act" is an act directed at a person, group of persons, private property, or public property that is motivated in whole or part by racial, gender, disability, religion or sexual orientation, or ethnic prejudice. A bias-related act need not involve conduct that constitutes a criminal offense. All hate crimes are also bias-related acts, but not all bias-related acts will constitute a hate crime.

### Required Actions

Whenever any school employee in the course of his/her employment develops reason to believe that (1) a hate crime has been committed or is about to be committed on school property, or has been or is about to be committed by any pupil, whether on or off school property and whether or not such offense was or is about to be committed during operating school hours, or (2) a pupil enrolled in the school has been or is about to become the victim of a hate crime, whether committed on or off school property or during operating school hours, the school employee shall immediately notify the Building Principal and Chief School Administrator, who in turn shall notify the New Jersey State Police and Bias Investigation Officer for the county prosecutor's office. The Principal shall notify the New Jersey State Police and the county prosecutor's office immediately if there is reason to believe that a hate crime that involves an act of violence has been or is about to be physically committed against a pupil or there is otherwise reason to believe that a life has been or will be threatened.

Whenever any school employee in the course of his/her employment has reason to believe that a bias-related act has been committed or is about to be committed on school property, or has been or is about to be committed by any pupil, whether on or off school property and whether or not such bias-related act was or is to be committed during operating school hours, the school employee should immediately notify the Building Principal and Chief School Administrator, who in turn should promptly notify the New Jersey State Police.

In deciding whether to refer the matter of a bias-related act to the New Jersey State Police or the county prosecutor's office, the Building Principal and the Chief School Administrator, should consider the nature and seriousness of the conduct and the risk that the conduct posed to the health, safety and well-being of any pupil, school employee or member of the general public. The Building Principal and Chief School Administrator should also consider the possibility that the suspected bias-related act could escalate or result in some form of retaliation which might occur within or outside school property.

It is understood a referral to the New Jersey State Police or county prosecutor's office is only a transmittal of information that might be pertinent to a law enforcement investigation and is not an accusation or formal charge.

Unless the New Jersey State Police or the county prosecutor's office request otherwise, the school district may continue to investigate a suspected hate crime or bias-related act occurring on school property and may take such actions as necessary and appropriate to redress and remediate any such acts.

School officials will secure and preserve any such graffiti or other evidence of a suspected hate crime or bias-related act pending the arrival of the New Jersey State Police or the county prosecutor's office. The school officials, when feasible, will cover or conceal such evidence until the arrival of the New Jersey State Police or county prosecutor's office.

## 8467 WEAPONS

The Board of Education prohibits the possession, use, or exchange of any weapon in any school building, on school grounds, at any school-sponsored event, and on school sanctioned transportation except as the possession and use of a weapon is authorized by law and required in the performance of the possessor's duty.

For the purpose of this policy, "weapon" means anything readily capable of lethal use or of inflicting serious bodily injury. "Weapon" includes, but is not limited to, all firearms, knives, dangerous instruments intended to inflict harm, components that can be readily assembled into a weapon, explosive devices, and imitation firearms. For the purposes of this policy "firearm" means those items enumerated in N.J.S.A. 2C:39-1f and 18 U.S.C. 921.

Any pupil or school employee who has reasonable grounds to suspect the presence of a weapon prohibited by this policy shall immediately report his/her suspicion to the Principal or immediate supervisor. The Principal or immediate supervisor shall conduct an appropriate search in accordance with Policy No. 5770 and confiscate any weapon discovered in the course of the search. He/she shall, if appropriate and feasible, summon the aid of law enforcement officers in the conduct of the search. Any school employee who confirms the presence of a weapon under circumstances that place persons at serious risk may confiscate the weapon immediately and may use such force as is reasonable and necessary to obtain possession.

Unless the weapon has been taken into custody by a law enforcement officer, the Principal or immediate supervisor shall immediately store any confiscated weapon in a securely locked box or container and report the presence of the weapon to the Chief School Administrator. The Chief School Administrator shall promptly notify, by telephone call and by letter, the New Jersey State Police that a weapon is present on school premises; the notice shall request removal of the weapon by an authorized law enforcement officer. The Chief School Administrator shall obtain and file a receipt for any weapon removed by a law enforcement officer.

Any pupil who possesses, uses, or exchanges a weapon in violation of this policy shall be subject to stringent discipline, which may include expulsion. Any pupil or school employee who suspects or knows of the presence of a weapon in violation of this policy and fails to report the same shall be subject to discipline. Any person who possesses a weapon on school premises or school transportation or at a school-sponsored function shall be reported to the appropriate law enforcement agency.

Any pupil who is convicted or is an adjudicated delinquent for possession of a firearm or who is found to be in possession of a firearm on school property must be immediately removed from the regular education program and provided with an alternative program, pending a hearing before the Board of Education. Pupils convicted or found to be delinquent for possessing a firearm on school property, on a school bus, or at a school-sponsored function or committing a crime while possessing a firearm shall be immediately removed from the regular education program for a period of not less than one calendar year and placed in an alternative education school or program pending a hearing before the Board of Education to remove the pupil. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Any pupil who commits an assault upon members of the school community with a weapon other than a firearm on school property must be immediately removed from the regular education program and provided with an alternative program, pending a hearing before the Board of Education. (Chapters 127 and 128 of 1995, The Zero Tolerance for Guns Act)

Pupils with disabilities violating the provisions of this policy shall be dealt with in accordance with Policy No. 2460 and Regulation No. 2460.6.

Nothing in this policy shall be construed to prohibit the reporting of a crime committed by a child with a disability to the appropriate law enforcement or judicial authorities, or to prevent such authorities from exercising their responsibilities with regard to the application of Federal or State law to crimes committed by a child with disabilities.

Any pupil requiring removal from the regular education program for the reasons enumerated above shall be removed in accordance with Policy and Regulation No. 5611.

The Chief School Administrator, or designee, shall prepare regulations to implement this policy for the guidance of school staff in dealing with incidents involving weapons in the school district.

## 8506 SCHOOL LUNCH PROGRAM BIOSECURITY PLAN

### Local Wellness and Nutrition

The Board of Education is committed to protecting the health of the pupils and staff and believes that children need access to healthful foods and opportunities to be physically active in order to grow, learn, and thrive. The Board requires the formation and implementation of a Food Service Program Biosecurity Plan that will keep the Food Service Program safe from intentional contamination and enable the lunch program to respond to threats or incidents of bioterrorism.

The Food Service Program Biosecurity Plan is a document that spells out school lunch program policies and procedures that minimize the risk of intentional contamination of food and reduce the risk of illness or death in the school community. The Plan describes strategies for preventing threats and incidents of product tampering and food contamination. The Plan also includes appropriate response actions to be taken should an incident occur.

The Board is committed to protecting children's health, well-being and their ability to learn by supporting healthy eating and physical activity, and will ensure that:

- A. All pupils will have opportunities, support and encouragement to be physically active on a regular basis.
- B. Food/beverages sold or served by the school will meet the nutrition recommendations of the U.S. Dietary Guidelines for Americans, and the USDA nutrition standards for National School Lunch.
- C. To the maximum extent possible, the school in our district will participate in available Federal school milk programs.
- D. The school will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school programs, and with related community services.

The Chief School Administrator shall develop regulations consistent with this policy, including a process for measuring the effectiveness of its implementation, and designating personnel within the school to ensure the school is complying with the policy.

The Food Service Program Biosecurity Plan has been prepared, and will be updated in accordance with the requirements of N.J.A.C. 2:36-1.13 Biosecurity for School Food Service and the U.S. Department of Agriculture. The Board designates the secretary to the Chief School Administrator to determine, in accordance with standards issued annually by the State Department of Education, the pupils eligible for free or reduced rate meals.

The Chief School Administrator shall annually notify all interested persons in the school district of the availability, eligibility requirements, and application procedures for free and reduced rate meals by the distribution of an application for such meals to the family of each pupil enrolled in the district, by placing a notice in the Board's official newspaper, and by informing appropriate municipal agencies and community organizations.

A parent(s) or legal guardian(s) who so requests shall be given an application form and at least two weeks to prepare and submit the form. The identity of pupils who receive free or reduced rate meals will be protected, and they shall not be required to work in consideration for receiving such meals.

The Chief School Administrator shall develop regulations to implement this policy and shall seek out and apply for such Federal, State, and local funds as may be applied to the district's program of free and reduced rate meals.

The Roosevelt Board of Education is concerned with the safety of pupils who walk to and from school along roadways determined to be hazardous routes. The Chief School Administrator shall work in conjunction with municipal officials to determine the criteria necessary for the classification of a hazardous route and shall maintain a list of all hazardous routes in the district. ## 8601 PUPIL SUPERVISION AFTER SCHOOL DISMISSAL

The Board of Education adopts this Pupil Supervision After School Dismissal Policy as a result of the New Jersey Supreme Court's decision in *Joseph Jerkins, an infant by his Guardian Ad Litem, Charles Jerkins; Charles Jerkins and Toni Jerkins, individually, v. Soweto Anderson; Kemba N. Anderson; John Does 1-10 (fictitious individuals) and ABC Corporations 1-10 (fictitious entities), and Board of Education of Pleasantville Public Schools and Rosemay Clarke*.

The New Jersey Supreme Court, in *Jerkins*, indicated dangers exist for younger pupils at dismissal as children are susceptible to numerous risks, including negligent conduct, when leaving school property. Because of these risks, the Board of Education adopts and requires the implementation of Policy 8601 for the supervision of younger pupils after dismissal. The supervision provisions of Policy Guide 8601 are applicable to parents or legal guardians of pupils attending the district-operated school or programs in grades Pre-Kindergarten to six who are not eligible for district-provided transportation after dismissal or are eligible and elect not to use district-provided transportation after dismissal.

Any parent(s) or legal guardian(s) of a pupil attending a district-operated school or program in grades Pre-Kindergarten to six, where the pupil is not eligible for district-provided transportation or is eligible and elects not to use district-provided transportation after dismissal may request the school or program not release the pupil to walk home after dismissal unless the pupil is released to the parent(s) or legal guardian(s) or escort(s) designated by the parent(s) or legal guardian(s). The parent(s) or legal guardian(s) designated escort(s) must be at least eighteen years old. The parent(s) or legal guardian(s) requesting their child(ren) only be released to a parent(s) or legal guardian(s) or parent(s) or legal guardian(s)-designated escort after dismissal must submit a completed Request for Supervision at Dismissal from School Form to the Principal or designee, or program administrator.

The Form shall be made available in the Main office of the school building or the location of the program, upon request to the Principal, or designee, or the program administrator and to parent(s) or legal guardian(s) in the beginning of the school year.

Only those parents or legal guardians requesting the school or program not release their child(ren) to walk home after school dismissal unless the child(ren) is released to the parent(s) or legal guardian(s) or designated escort need to complete the Request Form.

In order for the school administration to effectively implement the requirements of this Policy and to ensure the safety and security of pupils that will be released to a parent(s) or legal guardian(s) or designated escort, the parental request shall be applicable for every school day and shall apply for a duration period of the entire school year. The Request Form must be re-submitted at the end of the duration period. In addition, a parent(s) or legal guardian(s) may rescind their Request by submitting a written request to the Principal or program administrator indicating the date in which the parent(s) or legal guardian(s) no longer requests the school provide supervision of their child(ren) after school dismissal. The child(ren) will be dismissed in accordance with typical dismissal protocol effective the date indicated in the rescinding request.

The Principal or designee, or program administrator upon receiving the Request for Supervision at Dismissal from School Form, shall notify the appropriate school staff member(s) who has supervision of the pupil at dismissal time at the end of the school day of the parent's or legal guardian's request. The supervising staff member that receives such notice shall retain supervision of the pupil when other pupils are dismissed from school at the end of the school day.

The Principal or program administrator will develop and implement a written Pupil Supervision After School Dismissal Plan for their school building or program location. This Plan shall include the school building's or program's supervision procedures for pupils at the end of the school day to the designated area in the school building or program and the location of the designated area in the school building or program. The Plan shall be based on the school's or program's ability to provide supervision, the accessibility for the parent(s) or legal guardian(s) or designated escort to pick-up the child without disrupting dismissal of the remaining school population, and other considerations unique to the school building or program location. The school's or program's Pupil Supervision After School Dismissal Plan shall be provided to all parent(s) or legal guardian(s) that have submitted a Request Form.

In the event the parent(s) or legal guardian(s) or designated escort does not arrive to pick up their child(ren) after the dismissal time of school, the Principal or designee will attempt to contact the parent(s) or legal guardian(s) using the district's emergency call procedures.

The pupil(s) shall be supervised by school staff in the designated area of the building and will only be released when the parent(s) or legal guardian(s) or designated escort arrives to pick up the pupil.

In order to ensure the safety of other pupils being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other pupils within the building, and to avoid traffic and vehicular safety problems outside the school building, the Principal or program administrator may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination shall be made by the Principal or program administrator after considering the unique circumstances at the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent or legal guardian or designated escort from arriving for the child(ren) at dismissal within the time period designated by the Principal or program administrator, the pupil will remain in the same location supervised by school staff in the school building until the parent(s) or legal guardian(s) or designated escort arrives.

Pupils shall be supervised by school staff after school dismissal to the location of the Board-approved after-school program. The staff member(s) of the after-school program will assume supervision of the pupil and will only release the pupil when the parent(s) or legal guardian(s) or designated escort arrives in the designated area in the after-school program and signs the pupil out of school.

In order to ensure the safety of other pupils being dismissed from school in accordance with typical school dismissal protocol, to limit interaction of parent(s) or legal guardian(s) or designated escorts with other pupils, and to avoid traffic and vehicular congestion outside the school building, the Principal or program administrator may prohibit the parent(s) or legal guardian(s) or designated escort from entering the school building until a time period after school has dismissed or until school buses and other vehicular traffic have cleared the school site. This determination may be made by the Principal or program administrator after considering the unique circumstances of the school building and the building's typical dismissal protocol.

In the event of an emergency such that, when an unforeseen event prevents a parent(s) or legal guardian(s) or designated escort from arriving for the child(ren) at dismissal within the time period designated by the Principal or program administrator, the pupil will remain under the supervision of the after-school program until the parent(s) or legal guardian(s) or designated escort arrives and signs the pupil out of school. In this circumstance, the parent(s) or legal guardian(s) may be subject to after-school program fees if it is determined by the Principal or program administrator the frequency of emergencies causing the parent(s) or legal guardian(s) or designated escort to be delayed in picking-up the pupil is excessive.

The school will provide parent(s) or legal guardian(s) information regarding any supervised after-school services, if any, that may be available to pupils at the school's facilities after formal school dismissal.

This Policy shall be published in pupil/school handbooks. In addition, the school district shall provide to parent(s) or legal guardian(s) in the beginning of the school year, the school's calendar to include the starting and dismissal times for full session, half-session, and early dismissal days due to weather or other emergencies. Parent(s) or legal guardian(s) shall be required to return to the school a signed acknowledgement of receipt of the pupil/school handbook, which shall include this Policy and the school calendar. In addition, any changes to the school's calendar made during the school year shall also be provided to parent(s) or legal guardian(s).

The driver is prohibited from using a cellular or other wireless telephone, while operating a school bus. A cellular, or other wireless telephone, may only be used for school related business by the school bus driver while operating the school bus, when the school bus is parked in a safe area off a highway or in an emergency situation. ## 8760 PUPIL ACCIDENT INSURANCE

The Board of Education recognizes injuries to pupils may occur from accidents occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

In accordance with the provisions of N.J.S.A. 18A:43-1, the Board is not required to, but may arrange for, maintain, and may pay the premiums for insurance coverage by a qualified insurer for loss sustained by pupils through accidental means while participating in those school activities insured by the Board's insurance provider. This insurance coverage, if purchased by the Board, will not cover all school activities and will be secondary insurance requiring all claims be submitted to the pupil's parent's or legal guardian's insurance provider before being submitted to the school district's insurance provider. All claim decisions and payment amounts will be made by the school district's insurance provider in accordance with the terms of the insurance policy purchased by the Board. The insurance coverage provided under this program will be based on a payment schedule and may not provide for full payment of such claims.

The Board, if such insurance is provided, may require payment to the Board by pupils to whom the benefit of such insurance is extended, of a proportional share of premiums or any part thereof in accordance with the provisions of N.J.S.A. 18A:43-2. In the event the Board requires such payment, the amount to be paid by pupils shall be established by a schedule determined by the Board, but no pupil electing not to participate in the accident insurance coverage shall be required to make any payment toward the cost of the premiums.

The Board may provide parent(s) or legal guardian(s) the opportunity to purchase insurance coverage, at no cost to the Board, for injury resulting from accidents sustained by pupils occurring in the course of attendance at school and participation in the athletic and co-curricular programs of the school district.

In accordance with the provisions of N.J.S.A. 18A:43-3, in the event the Board elects to provide this pupil accident insurance, it shall not be construed to impose any liability on the part of the Board for an injury sustained by a pupil as a result of or in connection with any activities outlined in N.J.S.A. 18A:43-1 or as a result of or in connection with the conduct of the physical education program of the school district.

## 8810 RELIGIOUS HOLIDAYS

The Board of Education recognizes the acknowledgment of religious holidays in the public school may be a source of community concern. It is a goal of the district educational program to teach mutual understanding and brotherhood and respect for group differences. In pursuing this goal, the educational program may recognize that various religious groups celebrate different holidays with different practices.

In the acknowledgment or observance of any religious holiday, the Chief School Administrator shall ensure the school and/or school officials do not mandate, organize, participate in an official capacity, endorse, persuade, compel, prevent or deny participation in constitutionally protected prayer or religion in violation of the governing principles of the First Amendment of the United States Constitution. Consistent with these principles, the Chief School Administrator shall ensure:

1. No worship or religious service of any kind is sponsored by the school district and conducted during the school day, whether or not conducted by a clergyman;
2. Religious exhibits or displays include only materials that are a necessary or integral part of the curriculum;

The Board authorizes the Chief School Administrator to conduct school observances in commemoration of other persons and events of special historical significance.

Pupils shall be encouraged to develop and/or take part in events and activities in connection with special "days" and "weeks" proclaimed by the nation, State or community.

Holidays and special events may be recognized in the district's schools so long as such recognition respects the rights and feelings of others and is consistent with law.

Songs and customs which have come to us from the various elements of our national population may be used to broaden our pupils' awareness of the many elements that make up our American culture.

The Board shall not prevent, or otherwise deny participation in, constitutionally protected prayer in any district school, consistent with guidance issued by the United States Department of Education and applicable judicial decisions interpreting the religion clauses of the First Amendment of the U.S. Constitution.

## 8860 MEMORIALS

The Board of Education recognizes that each officer and employee of this district is important not only to the school district but to the community at large. The loss of any officer or employee of this Board by death is a loss that the Board and the district share with the community.

In order to memorialize that loss in a fitting manner, the Board directs that, whenever notice is received of the death of a Board member or a person employed by the Board, the flag of the United States at the school district building shall be flown at half mast for one school day. Written notice shall be posted in an appropriate manner in each district building on that day in order that pupils, staff members, and visitors are informed of the purpose of the memorialization.

The Chief School Administrator may, in his/her discretion, grant an employee of this district a brief absence without loss of pay or personal leave for the purpose of attending the funeral of his/her direct supervisor or subordinate provided that no disruption in the educational program will be caused by any such absence.

The Chief School Administrator shall recommend to the Board and the Board may approve appropriate recognition measures beyond those provided for in this policy when the deceased Board officer or employee has, by length of service or extraordinary accomplishment, especially distinguished his/her service to this school district.
